Randy,

Thursday and Friday went great. Jon was here knocking things out. He was able to provide a lot of feedback for efficiency throughout the suite. UPS is up and running, as are the servers. A few small hiccups on the software side, but hardware was rock solid.

You guys were a tremendous help, and I could not have asked for a better partner for this process. Tell your team they did an amazing job, and I will pass your information to anyone I can.

Thanks again for everything,

Kyle
